O.E.M. Price List:

(Revised 01/01/2019)

Water Vending Machine Controllers:

1.0 Single Vend Station, Single Price Water Vend Controller, uses Single Price Coin Acceptors & Changers:

1.1. P/N 030400	Model 030400 Single Price Water Vend Controller, with UV monitor, 1-5 gallons with enclosure, credit counter, display board & cable. 120VAC, 50/60 Hz	\$329.00
1.2. P/N 030400-PCB	Model 030400 Single Price Water Vend Controller, with UV monitor, 1-5 gallons PCB only. 120VAC, 50/60 Hz	\$219.00

2.0 Single Vend Station Water Vend Controller, uses NAMA® MDB Coin/Bill Acceptors & Card Readers. DEX:

2.1. P/N 110100A	Model 110100A MultiPrice Water Vending Controller, Vends 6 Volumes with enclosure, transformer, display panel, 4 ft display cable, and 4 ft MDB cable. Specify English, or Spanish Display Panel.	\$585.00
2.2. P/N 110100A-PCB	Model 110100A MultiPrice Water Vending Controller, Vends 6 Volumes PCB only	\$428.00

3.0 Single Vend Station Water Vend Controller, No Payment Station, 6 Volumes. (Free Vend):

3.1. P/N 110150	Model 110150A Water Vending Machine Controller, No Money Exchange with enclosure, and transformer.	\$295.00
3.2. P/N 110150-PCB	Model 110150A-PCB Water Vending Machine Controller, No Money Exchange PCB only	\$236.00

4.0 Multiple Vend Station Water Vend Controllers, uses NAMA® MDB Coin/Bill Acceptors & Card Readers. DEX:

4.1. P/N 110400-4	4 Vend Stations, 3 Volumes Model 110400-4 MultiPrice Water Vend Controller with enclosure, transformer, display panel, 4 ft display cable, and 4 ft MDB cable. Specify English, or Spanish Display Panel.	\$879.00
4.2. P/N 110400-4-PCB	Model 110400-4 MultiPrice Water Vend Controller, Circuit board only	\$758.00
4.3. P/N 110400-3	3 Vend Stations, 4 Volumes Model 110400-3 MultiPrice Water Vend Controller with enclosure, transformer, display panel, 4 ft display cable, and 4 ft MDB cable. Specify English, or Spanish Display Panel.	\$825.00
4.4. P/N 110400-3-PCB	Model 110400-3 MultiPrice Water Vend Controller, Circuit board only	\$703.00
4.5. P/N 110400-2	2 Vend Stations, 4 Volumes Model 110400-2 MultiPrice Water Vend Controller with enclosure, transformer, display panel, 4 ft display cable, and 4 ft MDB cable. Specify English, or Spanish Display Panel.	\$769.00
4.6. P/N 110400-2-PCB	Model 110400-2 MultiPrice Water Vend Controller, Circuit board only	\$648.00

5.0 Multiple Vend Station Controllers, Water Vending, No Pay Station. (Free Vend):

5.1 P/N 110400-4-NOM	4 Vend Stations, 3 Volumes Model 110400-4-NOM Water Vending Controller with enclosure, and transformer.	\$677.00
5.2 P/N 110400-4-NOM-PCB	Model 110400-4-NOM Water Vending Controller, Circuit board only	\$626.00
5.3 P/N 110400-3-NOM	3 Vend Stations, 4 Volumes Model 110400-3-NOM Water Vending Controller with enclosure, and transformer.	\$622.00
5.4 P/N 110400-3-NOM-PCB	Model 110400-3-NOM Water Vending Controller, Circuit board only	\$571.00
5.5 P/N 110400-2-NOM	2 Vend Stations, 4 Volumes Model 110400-2-NOM Water Vending Controller with enclosure, and transformer.	\$567.00
5.6 P/N 110400-2-NOM-PCB	Model 110400-2-NOM Water Vending Controller, Circuit board only	\$516.00

6.0 Miscellaneous: Components for Water Vending Machines:

6.1. P/N 910210	Model 910210 UV Lamp Fail-Safe Switch. Monitors UV Lamp current and shuts down vending machine if UV lamp fails.	\$35.00
6.2. P/N 030300-30-NT	Model 303 Water Purity Probe, TDS Alarm, 30PPM, No Temperature Compensation. Shuts down equipment if maximum TDS is exceeded	\$35.00

Please Contact us for Special Pricing of 10 Units or More

O.E.M. Price List:

(Revised 01/01/2019)

Reverse Osmosis Valve & Pump Controllers:

1.0 Model 250 Low-Cost Reverse Osmosis System Controller, for Low Power 24 VAC Valves:

1.1. P/N 000250	Model 250C, Reverse Osmosis System Controller with enclosure and power board	\$227.00
1.2. P/N 000250-1	Model 250C, Reverse Osmosis System Controller on Panel no enclosure and no power board	\$125.00
1.3. P/N 000250-PCB	Model 250C Reverse Osmosis System Controller, PCB only, Specify LEDs & switches on board front, or back.	\$107.00
1.4. P/N 000255D	Model 255D Power Board, 24VAC, 420ma max (Use 6W valves max)	\$60.00

2.0 Model 258 Low-Cost Reverse Osmosis System Controller, Valve Voltage 24VAC - 230VAC:

2.1. P/N 000258	Model 258 Reverse Osmosis System Controller, with enclosure and power board. Specify English, or Spanish Display Panel.	\$227.00
2.2. P/N 000258-2	Model 258 Reverse Osmosis System Controller on Panel no enclosure and no power board. Specify English, or Spanish Display Panel.	\$132.00
2.3. P/N 000258-PCB (-1)	Model 258 Reverse Osmosis System Controller, PCB only, No Panel. Specify LEDs & switches on board front, or back.	\$107.00
2.4. P/N 000258-PB	Model 258 Power Board, 115/230VAC for valves, (12VAC for board only)	\$60.00
2.5. P/N 190100	Model 258 Reverse Osmosis System Controller, with Continuity Monitor & Hour Meter. Power: 115VAC / 230VAC.	\$350.00

3.0 Model 500 Industrial Reverse Osmosis System Controller, Uses Hi & Lo Tank Levels:

3.1. P/N 030500	Model 500 Reverse Osmosis System Controller, Industrial with enclosure and hour meter. Specify Power: 115VAC, or 230VAC. Room in enclosure for additional components.	\$298.00
3.2. P/N 030500-PCB	Model 500 Reverse Osmosis System Controller, Industrial PCB only. Specify Power: 115VAC, or 230VAC.	\$186.00
3.3. P/N 030510	Model 030510 Display Board for Model 500, with 1' Cable	\$44.00
3.4. P/N 030520	Model 030520 Hour Meter for Model 500	\$30.00

4.0 Model 503 Industrial Reverse Osmosis System Controller with Delivery Pump Control:

4.1. P/N 030503	Model 503 Reverse Osmosis System Controller, with Delivery Control with enclosure and hour meter. Specify Power: 115VAC, or 230VAC. Room in enclosure for additional components.	\$298.00
4.2. P/N 030503-PCB	Model 503 Reverse Osmosis System Controller, with Delivery Control PCB only. Specify Power: 115VAC, or 230VAC.	\$186.00

5.0 Miscellaneous: Components for Reverse Osmosis Systems:

5.1. P/N 000400	Model 400 Pump Control Terminal Board (Lo Cost RO)	\$20.00
-----------------	--	---------

6.0 Model 190100 Industrial Reverse Osmosis System Controller with Continuity Monitor:

6.1. P/N 190100	Model 190100 Reverse Osmosis System Controller with Continuity Monitor with enclosure and hour meter. 115VAC/230VAC. Room in enclosure for additional components.	\$350.00
-----------------	---	----------
